50% live to age **89**

25% live to age **96**

Are you married?

50% of marriages have at least one spouse that lives to **AGE 93**

Athene Accumulator can help you reach your retirement savings goals.

Guarantees

Receive a guaranteed Accumulated Value at the end of your Withdrawal Charge period with our Minimum Interest Credit feature.

Growth potential

Pursue additional growth with Interest Credits that are based in part on the performance of an external market index.

Protection from downside market risk

Your money is not directly exposed to the risks of the stock market or individual stocks.

Tax Deferral

Annuities provide the advantage of tax-deferred interest accumulation. You don't pay taxes on any growth until you withdraw money.*

*Under current tax law, the Internal Revenue Code already provides tax deferral on qualified money, so there is no additional tax benefit obtained by funding an IRA with an annuity. Consider the other benefits provided by an annuity, such as lifetime income and a Death Benefit.

Grow your money to reach your goals.

With Athene Accumulator, you can allocate your money among the interest crediting strategies in your contract.

Indexed Strategies

These give you the potential to earn interest based in part on the upward movement of a stock market index. The interest you earn in a particular strategy is credited at the end of the strategy's Index Term Period. You're guaranteed to never earn less than 0% interest.*

Fixed Strategy

The fixed strategy provides a guaranteed rate of interest that is credited to your annuity daily. Athene declares the guaranteed rate for this strategy each contract year.

* Please see the Athene Accumulator Strategy Insert provided with this brochure for more information. Note that Athene may add or eliminate indexed strategies from time to time. A specific strategy may not be available for the life of your contract.

Athene Accumulator gives you the opportunity to grow value and lock in gains.

Your money is not directly exposed to the risks of the stock market or individual stocks. We guarantee you will not lose money due to stock market risk or losses.

This hypothetical example assumes \$100,000 initial premium, 1-Year Point-to-Point Index Strategy, 5% annual cap. The contract was held for 15 years and no withdrawals or rider fees are taken. Your Accumulation Value could decrease if you purchase an optional rider and receive no interest credits. This example is for informational purposes only and is not indicative of past performance, nor intended to predict future performance of any specific product.

Additional features for added peace of mind.

Free Withdrawals

Beginning in the first Contract Year, you can withdraw up to 10% of your annuity's Accumulated Value each Contract Year without a Withdrawal Charge or Market Value Adjustment (MVA).¹

Required Minimum Distributions (RMDs) are IRS mandatory withdrawals required with qualified contracts (such as an IRA).² These withdrawals from your annuity contract are considered part of your free withdrawal, free of Withdrawal Charges and MVA for the Contract Year.

Bailout Feature – Flexibility and Protection

If Athene lowers the declared 1-Year Point-to-Point Index Strategy Annual Cap Rate below the Bailout Cap Rate, you'll have full access to your annuity's Accumulated Value – free of any charges for up to 30 days after the Contract Anniversary in which the Bailout Cap Rate was pierced. After the 30-day Bailout Window, all charges may apply.

Minimum Interest Credit – Automatic Interest Boost

The indexed crediting strategies in a fixed indexed annuity guarantee that your Accumulated Value will never decrease due to market performance. The Minimum Interest Credit feature in Athene Accumulator annuity takes this guarantee one step further.

If at the end of your withdrawal charge period, the total interest credited to your Accumulated Value is less than the Minimum Interest Credit, you will automatically receive a one-time interest credit equal to the difference.³ The Minimum Interest Credit is based upon a percentage of your Initial Premium less withdrawals and charges.

Confinement Waiver

You can withdraw up to 100% of your annuity's value if you are confined to a Qualified Care Facility. This benefit is available if you are confined for at least 60 consecutive days any time after the first Contract Year and meet eligibility requirements. No Withdrawal Charge or MVA apply if you qualify for this benefit.

You cannot be confined at the time your contract is issued and confinement must begin at least one year after the Contract Date.³

Terminal Illness Waiver

Withdraw up to 100% of the annuity's Accumulated Value if you are diagnosed with a terminal illness that is expected to result in death within one year and meet eligibility requirements. No Withdrawal Charge or MVA apply if you qualify for this benefit.

This waiver is available after your first Contract Anniversary and the initial diagnosis of terminal illness must be made at least one year after the Contract Date.³

Death Benefit

Your annuity can offer your loved ones a quick source of funds to settle matters after your death. Your beneficiary is guaranteed your annuity's full Accumulated Value or Minimum Guaranteed Contract Value, whichever is greater.⁴

Minimum Guaranteed Contract Value

Ensures you will receive a minimum interest crediting rate on a percentage of your premium, adjusted for withdrawals, while the contract is in effect.

Contract Surrender

If you decide to surrender your Contract, Athene will pay you the Contract's Cash Surrender Value. The Cash Surrender Value is equal to the greater of the following values as defined in your contract:

- The Accumulated Value less any applicable Withdrawal Charges and adjusted for any MVA
- The Minimum Guaranteed Contract Value

Please see the Certificate of Disclosure for more information on these features.

¹ Withdrawals and surrender may be subject to federal and state income tax and, except under certain circumstances, will be subject to an IRS penalty if taken prior to age 59½. Withdrawals are not credited with index interest in the year they are taken. Withdrawals in excess of the free amount are subject to a Withdrawal Charge or MVA which may result in the loss of principal if taken during the first 10 years of the contract. Withdrawals are based upon the Accumulated Value of the last Contract Anniversary.

² The IRS requires individuals to take a required minimum distribution (RMD) each year once you reach the required beginning age established by federal tax law. Historically, federal tax law set the required beginning age for RMDs at age 70½. Federal legislation enacted in December 2019 increased the required beginning age to age 72 for those who reach the age of 70½ on or after January 1, 2020. This would mean that those reaching age 70½ in 2019 or earlier would need to continue to take RMDs in 2020.

The deadline for taking RMDs is December 31 each year. You may delay taking your first RMD (and only your first) until April 1 of the year after you reach the required beginning age. If you choose to delay your first RMD, you'll have to take your first and second RMD in the same tax year. If an account owner fails to withdraw the RMD, fails to withdraw the full amount of the RMD or fails to withdraw the RMD by the applicable deadline, the amount not withdrawn is taxed at 50%.

³ Not available in all states. Additional limitations, variations and exclusions may apply. Please see the Certificate of Disclosure for more information on these features. Confinement Waiver is not available in MA. **This benefit is NOT long-term care insurance nor is it a substitute for such coverage.**

⁴ If death occurs, annuitization payments will be consistent with the Settlement Option selected. Taxes may apply.

Additional information.

Athene Accumulator annuities are designed to meet your long-term savings and retirement needs. They include a Withdrawal Charge period. If you withdraw more money than the free amount allowed by your contract, or if you surrender the annuity before the Withdrawal Charge period ends, a Withdrawal Charge and Market Value Adjustment will be applied.

These charges do not apply to Free Withdrawals, RMDs, payments made in settlement of your annuity's Death Benefit, or Confinement and Terminal Illness waivers.

Withdrawal Charge

If you surrender your annuity or withdraw an amount that exceeds the Free Withdrawal amount during the Withdrawal Charge period, you will incur a Withdrawal Charge. In part, Withdrawal Charges allow the company to invest your money on a long-term basis and generally credit higher yields than possible with a similar annuity of shorter term. For more information, see the Product Details Insert provided with this brochure.¹

Market Value Adjustment

A Market Value Adjustment applies to withdrawals in excess of the free withdrawal amount and full surrenders during the withdrawal charge period. If you take a withdrawal before the end of your withdrawal charge period, an MVA will be applied to that withdrawal. If interest rates in the market are higher than when you purchased your annuity, the MVA is negative, meaning an additional amount is deducted from your contract value. The MVA may increase or decrease the amount of the Withdrawal or Cash Surrender Value of your Contract depending on the change in interest rates. If interest rates have increased, stayed the same, or decreased by less than 0.25%, the MVA will be negative. If interest rates have decreased by more than 0.25%, the MVA will be positive.²

¹Withdrawals and surrender may be subject to federal and state income tax and, except under certain circumstances, will be subject to an IRS penalty if taken prior to age 59½. Withdrawals are not credited with index interest in the year they are taken. Withdrawals in excess of the free amount are subject to a Withdrawal Charge or MVA which may result in the loss of principal if taken during the first 10 years of the contract. Withdrawals are based upon the Accumulated Value of the last Contract Anniversary.

²MVA may vary by state. For more information, please see Certificate of Disclosure or Form 17653, *Understanding the MVA*.

In a world that is becoming increasingly complex, Athene offers an approach that is refreshingly focused. We do one thing and we do it well – fixed annuities that offer the potential for superior long-term performance.

¹Athene Holding Ltd. GAAP total assets, AHL shareholders' equity and liabilities as of December 31, 2019. Pledged assets and funds in trust (restricted assets) total \$12.7 billion and total net reserve liabilities of \$114.7 billion as of December 31, 2019.

Athene Annuity and Life Company (AAL), on a statutory basis, based on the financial statement as of December 31, 2019: Total Admitted Assets: \$65.51 billion; Total Liabilities: \$64.30 billion; Reserves Required: Direct - \$57.17 billion; Assumed - \$0.22 billion; Ceded - \$11.87 billion; Net - \$45.52 billion; Capital & Surplus: Common capital stock - \$0.01 billion; Paid-in and contributed surplus - \$0.96 billion; Unassigned surplus - \$0.24 billion; Total Capital & Surplus: \$1.21 billion.

Athene Annuity & Life Assurance Company of New York (AANY), on a statutory basis, based on the financial statement as of December 31, 2019: Total Admitted Assets: \$3.25 billion; Total Liabilities: \$2.93 billion; Reserves Required: Direct - \$2.60 billion; Ceded - \$2.20 billion; Net - \$409 million; Total Capital & Surplus: \$318 million; Securities Pledged as Collateral –.

The individual subsidiary insurance company is responsible for meeting its ongoing insurance policy and contract obligations. Athene Holding Ltd. is not responsible for meeting the ongoing insurance policy and contract obligations of its subsidiary insurance companies.

² Financial strength ratings for Athene Annuity & Life Assurance Company, Athene Annuity and Life Company, Athene Annuity & Life Assurance Company of New York and Athene Life Re Ltd. A.M. Best, S&P and Fitch's credit ratings reflect their assessment of the relative ability of an insurer to meet its ongoing insurance policy and contract obligations. A.M. Best rating as of May 2020 (A, 3rd highest of 16), S&P rating as of August 2019 (A, 6th highest out of 21), and Fitch rating as of April 2020 (A, 6th highest of 19). Athene Holding Ltd.'s credit rating is bbb/BBB+/BBB+ for A.M. Best, S&P and Fitch, respectively.

This benefit is NOT long-term care insurance nor is it a substitute for such coverage.

Fixed indexed annuities are not stock market investments and do not directly participate in any stock or equity investments. Market indices may not include dividends paid on the underlying stocks, and therefore may not reflect the total return of the underlying stocks; neither an Index nor any market-indexed annuity is comparable to a direct investment in the equity markets.
