

Freedom to enjoy your future

Symetra Freedom Income Annuity

Not a bank or credit union deposit, obligation or guarantee	May lose value
Not FDIC or NCUA/NCUSIF insured	Not insured by any federal government agency

Retirement is closer than you think. We guarantee it.

You've planned and saved for retirement, and what once seemed a distant event is now drawing closer. But have you ensured that those plans aren't left to chance?

The average life expectancy for a 65-year-old in America is at an all-time high of 85 years.¹ That means many Americans will actually live longer than 85, and you could be retired longer than you expect. If part of your savings is not a guaranteed income stream, there's a chance you could outlive it.

Get the freedom to create your income.

You can create future guaranteed income now with Symetra Freedom Income Annuity.

Take action today to ensure income tomorrow.

With Freedom Income Annuity, you can convert a portion of your hard-earned savings today into guaranteed future income that can last as long as you need it—for a certain period or a lifetime.

Whether to protect against changes in the financial markets or to Social Security, guaranteeing some of your income with Freedom Income Annuity means you'll have the freedom to pursue retirement on your terms.

Protect your future income today

Symetra Freedom Income Annuity provides guaranteed future income when you want it to start. This can give you more freedom to enjoy your younger years, with less concern about running short later.

Here's how Freedom Income Annuity works:

- 1 You purchase Freedom Income Annuity now, knowing what your exact income stream will be in the future.
- 2 You choose a date in the future to begin receiving money from the annuity—usually early in your retirement.
- 3 We begin making payments on your future start date according to the payout option you selected (see the back cover for options).
- 4 Payments are deposited directly to your account either monthly, quarterly, semiannually or annually.

Here's what Freedom Income Annuity offers:

Income you can't outlive

You start receiving income at whatever future date you choose—up to age 90. This guaranteed future income stream can last for a certain number of years or the rest of your life. If you elect a payout option for your lifetime, you will receive income you cannot outlive.

Annual payment increase option

You can have your payments increase by up to 6.5% each year. The increases begin a year after your payments start. This helps your future income keep pace with—or even outpace—inflation.²

Beneficiary considerations

If you wish to leave payments to your beneficiaries after you die, you can give them options for how the payments are received—a lump sum or regular income payments. You can also give them flexibility by choosing our Commutation to Beneficiary option³ when you purchase your annuity. If you don't choose this option, payments will be made in the same way they came to you.

Our refund feature, available with some lifetime income options, ensures that no matter what happens, the annuity will pay out an amount at least equal to your purchase payment if you die after your scheduled payments begin.

You can also choose an optional death benefit. It guarantees that your beneficiaries will receive a lump sum at least equal to your original purchase payment if you die before your scheduled payments begin.⁴

Why purchase Symetra Freedom Income Annuity?

Freedom Income Annuity provides a guaranteed future income stream—no matter how the financial markets perform.

Income options

Symetra Freedom Income Annuity offers income options to meet a diverse range of needs.

- **Period Certain:** You receive annuity income payments that continue only for a certain period of time, then they stop. This provides guaranteed payments to help cover planned costs such as a mortgage or to help you delay the start of Social Security benefits. If you die before the certain period ends, your beneficiary may choose to receive the remaining payments.
- **Life with Period Certain:** You receive annuity payments that continue for a certain period or your lifetime, whichever is longer. If you die before the certain period ends, the remaining payments are paid to your beneficiary.
- **Life Only:** You receive annuity payments that continue for your lifetime and end upon your death. No payments are made to your beneficiary. This gives you the highest lifetime annual payout and can help ensure that you don't outlive your savings.
- **Life with Installment Refund or Cash Refund:** You receive annuity payments that continue for your lifetime. We guarantee total payments paid by us will not be less than your purchase payment. If you die before the sum of your annuity payments equals your purchase payment, the difference will be paid to your beneficiary, either as installments or a lump sum.

Joint and survivor benefit

With any of the payment options that include a lifetime payment, you can elect to add a second life to the payment guarantees.

³ Commutation to Beneficiary Endorsement form number is LIA-66 4/06 in most states and LIA-66/NY 10/09 in New York. Not available in Oregon or Washington. In Maryland, required with Period Certain payout option. Not available with Cash Refund and applies only if Period Certain or Installment Refund is included.

⁴ An optional death benefit may be included at the time of purchase. Please note that choosing this option lowers the annuity payments, although the purchase payment remains the same. If the death benefit is selected, and the owner/annuitant dies prior to the payment start date, the surviving joint owner (if named) or the beneficiary will receive the greater of:

90% of the purchase payment compounded at 3% per contract year, or

100% of the purchase payment

If a joint Owner or the sole designated beneficiary is the surviving spouse of the deceased Owner, instead of receiving the death benefit, he or she may opt to continue the contract in force as the new Owner. If the death benefit is not elected, and the owner/annuitant dies prior to the payment start date, the Contract will terminate and no death benefit or annuity payment will be paid. If named as a joint Owner or as sole beneficiary, the surviving spouse of the deceased Owner may continue the contract in force as sole Owner.
